ENHANCES SCHOOL, COMMUNITY PROGRAMS

Help change lives through the arts

We can tailor a workplace giving campaign to fit your organization - regardless of how many employees you have, where they live or your specific corporate culture.

Help us
change lives
through the arts!

For 56 years, **United Arts FUND** has raised money for your favorite arts organizations, both large and small, so they can play a crucial, integrative role in education across all curriculum areas and communities throughout Minnesota. Last year, UAF-sponsored projects touched over 440,000 lives as they educated and developed the complete person through the arts. The Fund receives no Legacy Amendment dollars. We count on individuals leveraging their collective power to maintain a vibrant arts and cultural scene in Minnesota. Every dollar counts.

Our funding is focused in three areas. We:

- Provide arts education to schools
- Bring communities together through the arts
- Fund arts to heal and address core human issues

Adding **United Arts FUND** to your workplace campaign is quick, easy, and changes lives through the arts!

“Thank you for taking the time to come into a prison and share this musical. It’s not often we experience things like that.”
